

# DONATE TO MAKE A DIFFERENCE TODAY

Join us in our mission to build a new classroom for EMET missionary college in Meathawor, Thailand.

The current demand for student enrollments exceed the capacity of classroom space at the college.

Students lack space to learn effectively and classrooms are becoming over crowded.

Many of the students come from remote war zones in Myanmar and nearby refugee camps.

Your donation matters more than ever.

## Your gift builds more than walls

Help us provide essential resources to those in need.
